PROFESSIONAL SUMMARY

Motivated Computer Science graduate with hands-on experience in Python, machine learning, computer vision, LLM integration, REST APIs, and web development. Developed AI-powered applications integrating machine learning models and AI APIs with FastAPI-based backend services and web interfaces. Strong interest in building practical AI solutions, model-driven applications, debugging software, and developing maintainable end-to-end systems.

TECHNICAL SKILLS

Technical Skills

- **Programming:** Python, Java, C, Javascript
- **AI/ML:** Machine Learning, Predictive Modeling, Computer Vision, Natural Language Processing, LLM Integration
- **Web Development:** HTML, CSS, JavaScript, REST APIs
- **Backend:** Python Web Development, FastAPI
- **Databases:** MySQL, SQLite
- **Tools:** Git, GitHub
- **Data/ML Libraries:** NumPy, Pandas, Scikit-learn, Tensorflow

Soft Skills

- Leadership
- Team Work
- Time Management
- Work Ethic

PROJECTS

Predictive Modeling for Crop Yield and Crop Health Monitoring System

- Developed an applied AI-based system for crop yield prediction and plant disease detection, combining machine learning and computer vision to support crop health monitoring.
- Trained a CNN-based image classification model to identify plant diseases across 38 classes, achieving 95.75% validation accuracy on the plant disease dataset.

Canis AI – AI-Powered Chatbot Web Application

- Developed an AI-powered chatbot web application using Python and FastAPI, enabling users to interact with an AI assistant through a web-based interface.
- Integrated the OpenAI API with the backend to process user prompts and generate contextual AI responses.

Real-Time Speech and Text Interpreter

- Developed a real-time text and speech interpretation application to support live transcription and multilingual communication.
- Integrated speech-to-text services, including Google Speech-to-Text, Whisper and Microsoft speech APIs, to convert spoken input into text format.

EDUCATION

B.Tech in Computer Science Engineering, **2022-2026**

Vignana Bharathi Institute of Technology, Hyderabad **CGPA-7.2**

Intermediate **2020-2022**

TSWREIS Junior College, JP Nagar **77.2%**

SSC **2019-2020**

TSWREIS School, JP Nagar **GPA-9.3**

CERTIFICATIONS

- Cisco Networking Academy – Computer Networks, Programming for Problem Solving, Data Analytics
- CodSoft – Web Application Development
- Zscaler – Fundamentals of Cybersecurity
